ACTUATORS

Push-button, emergency-stop, selector-switch, signal-lamp and eakar actuators.

Actuators

Dayheem actuators enable external operation of electrical components installed inside explosion-proof enclosures.

Features

Category: Explosion proof Actuators

Material: Aluminum Alloy

Marking: Ex d IIC T6 IP66

Technical Data	
Explosion proof Actuators, Suitable for Zone 1,2,21,22	
Marking to 94/9/EC	Gas: II 2 G Ex d IIC T6 Gb
	Dust: II 2 D Ex t IIIC 100oC
Marking to IECEx	Ex db IIB+H2 T6...T4
Degree of Protection	IP 66
Ambient Temperature	-20°C to +55°C
EC Type examination certificate	LOM 15 ATEX 2013
IECEx Certificate No.	EPIL 25.0005X
Material	Aluminum Alloy Body
	Nickel-Plated ass Shaft
	Silicon O-ring
	Galvanized Steel Holder

List of Actuators

Push button, spring return	PBT 1
Signal lamp	SGL 1
Emergency stop, turn to release	EMG 1
Emergency stop, turn to release, Padlockable	EMG 1P
Emergency stop, with key	EMG 2
Selector switch	ROT 1
Selector switch with key	ROT 2
MCB Actuator	ROT 3
MCCB Actuator	ROT 4
MPCB Actuator	ROT 5
